

## ASSISTANT DELIVERER/INSTALLER

as·sis·tant de·liv·er·er in·stall·er

/əˈsɪstənt, dəˈlɪvərə, ɪnˈstɔlər/

*(n) someone who takes on a new challenge every day; delivering the product today from mindfully packaging yesterday to install tomorrow.*

The Assistant Deliverer/Installer works directly with the Lead Installer and production team to deliver and install our custom woodworks projects in unique settings.

### What You'll Do

- Load, deliver, unload products, and assist Lead Installer with installing cabinets, caseworks and architectural millworks.
- As we evolve as a company, your responsibilities will continue to evolve; including learning and adapting to software advancements.
- Be available as a resource for Lead Installer and production team who need assistance with completing projects.

### Essentials We're Looking For

- Punctual, reliable, ability to regularly lift and move 100+ pounds.
- Interest in a changing environment, learning and gaining new knowledge, job flexibility, not knowing what challenges tomorrow might bring.
- Self-motivation, works well with others and independently, emulates a positive attitude, provides quality customer service, works productively, thinks critically with complex problem solving and evaluation skills.
- Ability to multi-task and work well under changing conditions on a variety of projects, working accurately and quickly under pressure, prioritize and work flexibly to meet deadlines.

### Bonus Points

- Health card/CDL.
- Experience with general woodworking, manufacturing, fabrication, construction or designing.
