Room 1 - Wall 1

This detailed floor plan shows a living room with a central fireplace and built-in shelving on both sides. The fireplace is located in the center, with a black hearth and a red brick surround. To the left of the fireplace is a large built-in shelving unit with 17 numbered sections (13-17) and a base with 6 numbered sections (1-6). To the right of the fireplace is another built-in shelving unit with 12 numbered sections (18-21) and a base with 5 numbered sections (7-11). A television is mounted on the wall above the right-hand shelving unit. The overall dimensions of the room are 72 5/8 feet wide and 30 feet deep. The plan also includes various smaller dimensions for individual sections and the distance between the fireplace and the walls.
