

# Harbour Cove Entrance Sign for Quotation

Ripple board with dimensional letters

**“HC” .5” thick alum, pin mount with nut/threads into alum cabinet.**

**CNC ripple board  
HDU or other materail**

**Alum cabinet w/frame  
removable back  
Bolt direct to concrete base**

**Bolt flat  
against  
concrete base**

**Lower case copy, 6mm thick alum  
pin mounted thru ripple board  
into alum cabinet with threads on back**

This combination includes a sculptural ripple board mounted on a concrete plinth. Aluminum dimensional letters are pin mounted — offset from the ripple board. Blue type is automotive painted aluminum with brushed stainless steel for the 'Cove' script. The address is rendered in black dimensional type that is pin mounted on the ripple board.

**CNC carved backboard of sign foam covered with a matte eggshell type finish  
and hard weather-proof board.  
The side view of board is not described here - it should include crests and valleys**
